

tesseract_common::Status
Category

```
graph BT; A[tesseract_common::GeneralStatusCategory] --> B[tesseract_common::StatusCategory];
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a white box representing the base class, `tesseract_common::GeneralStatusCategory`. A blue arrow points vertically upwards from this box to a gray box above it, representing the derived class, `tesseract_common::StatusCategory`. This indicates that `GeneralStatusCategory` inherits from `StatusCategory`.
